

Dear Arizona C Corporation,

Children's Scholarship Network of Arizona "CSNAZ" was founded to give children and their family's equal access to an accredited private K-12 education; regardless of their race, color, gender, handicap, family status, national origin, religion and/or finances.

Arizona's Corporate Income Tax Credit program allows Arizona C corporations to direct a contribution to a School Tuition Organization "STO" and receive a dollar-for-dollar credit on their Arizona state tax liability. There is no maximum amount that a corporation can contribute, but the program is capped at \$12 million for this fiscal year 2008. Currently there still remains approximately \$6.6 million of tax credit program availability.

Currently CSNAZ has three schools that qualify as private K-12 Christian urban schools who enroll students according to CSNAZ's non-discriminatory policy. They are Sahuarita Christian Academy, Inc. "SCA" www.sahuarita-sca.org and the newly formed private urban schools of Arizona Online Christian Academy, Inc. "AOCA" and Nogales Christian Academy, Inc. "NCA".

SCA opened its new campus at the beginning of the 2007-08 school year and since opening has experienced a doubling in their student enrollment every semester. SCA's current enrollment is at 140 with another 110+ students waiting for the construction of SCA's LEED® Gold certified K-12 facility which will be the first of its kind in Arizona. Currently SCA has over 100+ students that are attending K-12 classes that need student tuition scholarships. The current 100+ students plus the 110+ wait-listed students require over \$1 million in student tuition scholarships as per the State of Arizona 2008-09 allowable tuition guideline of \$4,400 for grades K-8 and \$5,700 for grades 9-12. CSNAZ's goal is to provide the qualified scholarship recipient students with a three-year scholarship commitment in order to provide stability and sustainability for these students and their families. AOCA was recently formed to give children living in Arizona access to an accredited private K-12 online education regardless of their geographical location. It is anticipated that there are well over 1,000 students within Arizona that will be taking advantage of this accredited online school program, if tuition scholarship funding is made available. NCA has been formed to provide "SCA" type educational services to children who reside in the Nogales and Rio Rico areas.

On behalf of these Arizona children and their families as well as the organizations of CSNAZ, SCA, AOCA and NCA we thank you for your consideration.

Sincerely,

Stephen Kaniewski

Definition of a "private Christian urban school" is a center of hope for those families and their children plagued by depravity and deprivation.
